On March 28, 2016, Dr. Peter Daszak described exactly how scientists could create a virus in a China lab that would lead to a global coronavirus pandemic.

Dr. Daszak: *We found other coronaviruses in bats a whole host of them. Some of them looked very similar to SARS so we sequenced the spike protein, the protein that attaches to cells. Then we, well I didn't do this work my colleagues in China did the work, you create pseudo-particles. You create a spike proteins from those viruses simply bind to human cells. each step of this you move closer and closer to this virus could really become pathogenic to people.*

This could not be clearer and yet we're still turning in circles because corrupt scientists and their media flunkies are still relentlessly pushing the

Today there is documentation and email evidence of Dr. Peter Daszak admitting that **he and Fauci were doing work in collaboration** with the Chinese virologists at the Wuhan virology lab.

Fauci and Daszak Lied

On February 1, 2020, when confronted with first evidence the Covid pandemic may have originated in the Wuhan Lab he funded via Daszak's EcoHealth Alliance, Fauci organized a conference call, apparently to discuss how to suppress this dangerous information, since the trail led straight to them.

On Feb. 19, 2020, Daszak, Farrar and others published a letter in The Lancet, saying that “We stand together to strongly condemn conspiracy theories suggesting that COVID-19 does not have a natural origin.”

This letter was then used to suppress and censor the Chinese lab leak theory in Mainstream Media and on social media for over a year. There was, and remains, no evidence for the “scientists” claims.

Fauci continues to lie about the origins of the coronavirus.

Fauci and Daszak know exactly where it came from.
