## Reiner Füllmich: The pandemic is a global coup d'etat

The famous lawyer Dr Reiner Füllmich speaks exclusively to Free West Media on the topic of the pandemic and the draconian measures that many countries have adopted, and how he and others will be challenging this in court.

Füllmich is a consumer protection trial lawyer invited to talk about his work as one of four members of the German Corona Investigative Committee. Since July 10, 2020, he has been listening to large numbers of international scientists' and experts' testimonies, to find answers to questions about the pandemic, being asked by people worldwide.

The irregularities that are committed in the name of public health during this pandemic has called for a firm response, he told FWM. He specializes in representing ordinary people against big companies, and he made headlines when he won cases against giants like Volkswagen and Deutsche Bank.

When examining the lockdowns, restrictions, Covid-vaccines, the PCR tests and other measures, he found that they were not supported by scientific inquiry. He described how advisors on Covid measures who are presented as “experts” in the media, are actually frauds that for example were given professorships at private universities, without having accomplished any scientific work.

In this in-depth interview, Füllmich also talked about the considerable part of the workforce in the US that have refused the jab because of fear of serious side effects. The fatalities resulting from the experimental shots are massively underreported.

His conclusion is that there are other reasons for the measures than those we are told to follow, and calls the hidden hand “Mr. Global” using the pandemic to further their own agenda. It was planned years in advance and serves only to make the already wealthy and powerful even more assertive.

People don't see this because they don't WANT TO. It's too damn scary. Ever since DT came down that escalator in 2015 they knew what they had to do, but failed to do it...he WON! It then became Stop his second term!

DT being a member of the Chabad Lubavitch death cult, as are his daughter and son in law, operates according to their idea that good acts must always be balanced by bad acts; in this case of course, the rolling out of the Warp Speed death injection. Anybody who therefore wishes that he regain access to power is ignoring his own statement, ie "You knew I was a snake before you took me in." He cannot tell you more clearly who he is, and if you ignore that, then you only have yourself to blame.

Plannedemic or plandemic, but most certainly not pandemic. This was planned for quite some time to achieve just these goals....and more (sadly).

So according to RF, it all boils down to the spiritual. I agree. But if by "the spiritual" we mean what is written in the Bible, then the Bible is very clear that events such as we are witnessing will have to come; there will have to be a complete takeover of the world by evil, against which the righteous will appear to be powerless, and in fact they will be put to death for opposing it. The only ones who actually will resist this takeover will be Christians who boldly preach the word of God; and from Reiner's own statements, he will not be in that company, because he thinks religion is all about the manipulation of earthly power.

Some of us knew on 15 March 2020 [The Ides of March] - the day the impending lock-downs were announced - that this was going to be never-ending global tyranny. We were mocked.

The cookie-cutter conservatives - including pundits - said, We don't know what we're dealing with, so taking precautions is reasonable. With so-called friends like that, who needs enemies?

Global Coup have been in the works for Centuries.. The Wuhan Special (IMO, deliberately released) have brought the NWO/OWG Coup Cabal, now known as the Great Reset-ters the closest to their goal as they have ever been.

Will the Fat Lady Sing?, she is tuning up her voice. Or. will those not yet indoctrinated throw rotten tomatoes at her before she can start her song?.. Time will tell.

I'm very fond of RF; he seems like a wonderful man.

However, some caution should be exercised in regards to his statement that he "has been admitted to the bar on both sides of the Atlantic ocean."

So what is "The Bar"?

It is an acronym that stands for "British Accreditation Registry", and so we have the curious situation that jurisdictions in both Germany and the US require their legal professionals to swear an oath to "The Bar" before they are granted access to their somewhat lucrative profession.

The word "Registry" in fact derives from the Latin noun for "a king", and "Regis" means "Of the king", which again, is a curious anomaly that a nation which is supposed to have gained freedom from that individual still seems to swear an oath to him.

This corruption of the legal profession is in fact the way in which the "Crown" maintains its complete control over its former colony, which effectively simply changed to a franchise operated by the king, after the supposed "Revolutionary War," a war whose peace treaty involved the signatories from both sides being equally members of this same legal profession, Ben Franklin and Alexander Hamilton being cases

in point.

So given that the so-called "coronavirus" suggests that its name was used as a cover for this worldwide power grab which was launched by this very Crown, then it is an interesting question as to who exactly
