More people have died from the vaccine than the virus in Taiwan.

According to NTD news there are now **865 deaths** linked to the COVID vaccines.

There are **845 deaths** linked to the virus.

OMG!

NTD reported:

In Taiwan, the number of people dying after their COVID-19 vaccination is exceeding the number of deaths from the virus itself.

Taiwan's health authorities say that as of Monday, deaths after vaccination reached 865. While deaths from the virus are 845.
