By Wayne Allyn Root

Back in the 1980s, I was a Columbia University student learning about a plan to destroy America and end capitalism. It was called Cloward-Piven – named after a Columbia University husband-wife professor team. Their insane goal was to turn America into a socialist/communist hellhole.

They planned to do it by overwhelming and collapsing the US economy with massive debt, created by getting as many Americans as possible on welfare, food stamps and unemployment. In the ensuing economic catastrophe and collapse of our country, every business owner would get on their knees to beg government to save them.

At that moment of crisis and chaos, we would become a socialist/communist country.

Don't look now, but it's happening. The communists of Columbia (and every other elitist Ivy League school) have tried for decades to force a majority of Americans on welfare. They failed. But they won't give up.

They've modified the plan. It's now a powerful one-two punch. First, they've opened the borders to let millions of illegal aliens into this country – almost all of whom want cradle to grave welfare. Also, don't forget they all need free healthcare for themselves and their kids, and their new babies, and their extended families. That alone could overwhelm the system and collapse the economy. That's before welfare and food stamps. And then there's free public school for all their children and expensive

English-as-a-second-language programs that cost billions of dollars, but make teachers unions filthy rich.

Open borders is Cloward Piven- updated for 2021. And as the greatest bonus ever, Democrats know these millions of foreigners will loyally vote for the party who let them in, and then promises to give them the biggest welfare checks. These are lifetime Democrat voters.

But there is now a powerful Part Deux to Cloward-Piven. Democrats aren't content to just welcome tens of millions of foreign welfare addicts into the USA. They also want to make tens of millions of American-born citizens unemployed and dependent on government too.

So, Part Deux of Cloward-Piven is the Vaccine Mandates.

These Covid vaccine mandates are destroying the country, creating chaos, crisis and division. They are wiping out the ranks of the police, fire, paramedics, nurses, prison guards, border patrol and military. Our middle class is being ripped to shreds. These frontline heroes and defenders don't want this dangerous, experimental, for-emergency- use-only job. There will soon be no one to answer your 9-1-1 call. The police will be defunded- without voters ever getting a vote.

The military will be left weak and crippled. Wanna bet China is directing this plan? We all know China owns Biden and his family. Biden is serving up the country on a platter to China.

The vaccine mandates also make the supply chain problems much worse. Truck drivers don't want the job. They're quitting in droves. Jet pilots don't want the job. They're on strike now - ask Southwest and American Airlines why thousands of flights were grounded recently. If these pilots are fired, the tourism industry will be devastated. Shipping cargo by air will be

devastated. Without pilots and truckers, food and supplies won't make it to stores. Shelves will be empty- just like the old communist Soviet Union. Coincidence?

Like I said, this is a communist takeover of the USA. Empty shelves are the hallmark of communism.

And then there's the economy. If vaccine passports are mandated, restaurants, bars, nightclubs, retail stores will be crushed. Doubt me? Scotland's Hotel Association just announced a 40% drop in business from the vaccine passport. New York City's restaurants have announced the same size drop in business.

Without the spending of tens of millions of my fellow Americans who choose to be unvaccinated, businesses will close by the millions. The economy will collapse.

This is Cloward-Piven. It's real. It's happening. Democrats are purposely destroying and collapsing the economy. They're "defunding the American Middle Class."

It's time to fight back HARD. It's time to stop turning the other cheek. My new bestselling book, "The Great Patriot Protest & Boycott Book" lays out the only possible strategy for conservative patriots- CIVIL DISOBEDIENCE, the strategy of Dr. Martin Luther King. We have to hit these socialist/communist traitors and madmen squarely where it hurts- in the pocketbook with national protests, strikes, boycotts and acts of civil disobedience. We must bankrupt them and bring them to their knees begging for forgiveness. Two can play at this game.

The choice is clear- we either resist, or we lose America, our jobs, our careers, our middle-class quality of life, our health, everything that made

America great. It's time to fight like animals, fight like it's the end of America, fight like our lives and the lives of our children are at stake...

Because they are.

And what's wrong with earning a profit from the fruits of your labor? The Man has a book to sell, but you do not have to buy it. He has a radio show that's FREE to listen to. He writes articles such as the one above, that are FREE to read. We didn't used to be afraid of someone making money by selling something. In fact, we expected to pay for other Peoples' time and efforts or product they were charging for.

Wayne Allyn Root is absolutely correct. I'm in 100% agreement with this article. "Those who would give up essential liberty to purchase a little temporary safety, deserve neither liberty nor safety." BENJAMIN FRANKLIN

It's time to call their bluff. Mandates are NOT laws. The

legislative branch of Government is the only branch that has power to pass a bill into law. OSHA, the CDC, Fauci etc have no power or authority to enforce anything. Executive officers cannot cloak an administrative agency with power not given to them by the legislative branch. This holds true for both federal and state government.

The virus kills <.01% of those who catch it and most of the .01% are over age 65 (90-95%), these people are not in the work force. Why would the Biden admin mandate vaccinations to entire workforce and military, based on such low %ages? My thoughts are as this article suggests, destroying the United States capitalistic economy.

It's not the virus that kills it's the shot they give the people It's a bio weapon

1 Reply

theDuke19 — **Dan Adams** Nov 9

exactly, the reason for the mandate! Thank the Lord it is temporarily halted by a 5th circuit court judge. It will not hold up in the SCOTUS!

They told us in 1966 with 'Cloward-Piven', then again in the 70's with Alinsky's 'Rules for Radicals' and Ayer's 'Prairie Fire' exactly what they were planning, but greedy boers let it happen anyway...

And yet we still are reluctant to kill those who are trying to kill us.

Covid was the plan that had that intended purpose all along

A safe, effective (real) vaccine wouldn't need to be forced on people. If they were so great, they'd sell themselves. But, that's not the case. They want you to conform to their will. They're going for broke. I pray that they fail.

This is all about control over the people and a way to depopulate the world! They want a one world order and we are seeing it happening now! I will not get any of these supposed vaccines. I know of two family members who got one shot, one then tested positive for Covid and he has diabetes and a bad heart the other will now be on oxygen for the rest of her life after suffering with inflamed lungs and stomach! Could not eat or drink and was in and out of the hospital four times.

Wayne's bottom line in this article: "Buy my book". Jeez, another article that's all about someone begging for money.

Is that all you've gotten out of reading this article? It seems like it's a book worth purchasing!
